Stoughton Adds TyCorra Fleet Solutions as Dealer in Eastern Canada

STOUGHTON, Wis. (November 13, 2025) — Stoughton Trailers LLC, a national leader in transportation equipment, expands its presence in Eastern Canada with the addition of TyCorra Fleet Solutions Inc. to its extensive dealer network.

Under this new agreement, TyCorra will work directly with assigned key fleets across Ontario, Quebec and Atlantic Canada. With more than 20 years of experience specifying and sourcing trailers, TyCorra has built its reputation on a consultative sales approach – working closely with core fleet customers to ensure trailers are perfectly matched to their specific application.

Select Trailer Sales, Stoughton's long-time dealer based in Mississauga Ontario, will continue to manage its extensive customer network as well as targeted account growth. This ensures that customers across all segments have a clear and efficient channel for acquiring equipment that fits their operational needs.

"We are proud to add TyCorra to our growing network of professional trailer dealers," said Jeremy Sanders, Chief Commercial Officer for Stoughton Trailers. "TyCorra brings significant trailer experience, knowledge and additional service locations to our Canadian dealer network."

In addition to its trailer portfolio, TyCorra is expanding into container and chassis solutions, offering fleets a comprehensive equipment lineup under one roof. Supporting these assets is GoRight FleetCare Plus – a full trailer repair and maintenance network as well as access to a leading Emergency Roadside Rescue platform that connects fleets with real-time repair support.

“We are very excited about our new relationship with Stoughton, providing our strategic customers with Dry Vans and Refrigerated Trailers built for their specific applications,” said Neil Christensen, Executive Vice President of TyCorra Fleet Solutions Inc.

About TyCorra Fleet Solutions Inc.
