Stoughton Trailers to Host Vaccine Clinic

Company Employees Eligible to Receive COVID Shots on April 2

STOUGHTON, Wis. (Tuesday, March 30, 2021) — Stoughton Trailers, LLC, will offer a COVID-19 vaccine clinic for its employees at the company's Plant 6 location, 1111 Veterans Road, on Friday, April 2.

Vaccines will be free of charge, and participation is voluntary. Deciding to get the vaccine is a personal choice; the company encourages its employees to make that decision for themselves, based on their personal views, beliefs and health situation.

SSM Health staff will be procuring and administering the vaccines. Any employee of STI Holdings Inc. — the parent company of Stoughton Trailers that also oversees Stoughton Rental and Lease, Stoughton Trucking and Stoughton Parts Sales — is eligible to receive a vaccine.

"When the pandemic began, our industry was quickly declared essential," said Jeff Kratz, Director of Environmental Health and Safety at Stoughton Trailers. "Our employees have been committed to their role in keeping up with the demand for trailers so businesses could transport critical goods, from medical supplies to food and other basic necessities. Our team members are critical to our success. We want them to feel safe and protected, and health experts say the vaccine is the best tool we can provide to prevent serious illness. The Stoughton team is dedicated to doing everything possible to help stop the spread of the virus in our local communities."

Employees will receive the Johnson & Johnson vaccine on April 2. Due to CDC eligibility requirements, only employees will be able to receive the vaccine.

About Stoughton Trailers

Stoughton Trailers is a top 5 North American supplier of semi-truck trailers. The Wisconsin-based, family-owned company designs, manufactures and markets a wide range of dependable semi-truck trailers used for over-the-road trucking, as well as agricultural trailers and other specialty transportation equipment. It provides one-stop build, finance, rental and fleet management solutions through world-class responsiveness and design value. For more information, visit StoughtonTrailers.com.
